Save a huge £1300 on this pre-reg GSX-S1000

£9,299 ^{+OTR}
from £183.75 p/m

GSX-S1000F, a comfortable package built for serious on-road pleasure. Meet the road with legendary performance. From the DNA of a supersport legend comes the GSX-S1000F, a motorcycle built for real-world excitement. Beneath the slim fairing of this thrilling machine are the genuine engine and main components of the world-beating GSX-R1000. All in a comfortable package built for serious on-road pleasure. Meet the road with legendary performance. The GSX-S1000F is powered by a street-tuned version of the four-stroke, liquid-cooled, DOHC, 999cc, inline-four engine that became a legend in the 2005 GSX-R1000. The newly honed engine delivers smooth throttle response and immediate, controlled acceleration, so the sport rider experiences adrenaline-rushing performance. Suzuki designed a new chassis in a compact, lightweight package that makes the GSX-S1000F agile and fun to ride. Every aspect of the chassis reflects a focus on great handling and control in real-world conditions from city streets to twisty mountain roads. The main frame helps to ensure nimble handling and great roadholding. The GSX-S1000F has the same top-of-the-line radial-mount Brembo monobloc calipers as the GSX-R1000. The calipers each have four opposed 32mm pistons acting on a 310mm floating-mount disc for strong stopping power. The GSX-S1000F is equipped with some of the most advanced rider technology available, including an Advanced Traction Control System², Low RPM Assist and Suzuki Easy Start System

Engine

ENGINE TYPE 4-stroke, 4-cylinder, liquid-cooled, DOHC	RATED OUTPUT 110.0 kW @ 10000 rpm (150 PS)	EXHAUST SYSTEM Euro 4 Compliant	IGNITION Electronic Ignition	STARTING Electric
